ICAT COHORT 6

Welcome!

We are delighted to introduce our new ICAT fellows, the first to be appointed under the second phase of ICAT.

The new fellows are currently conducting scoping reviews to help define a research question for their PhD projects and to select a cross-disciplinary, multi-institutional supervisory team.

ICAT Cohort 6 Fellows - read their profiles on our website

ICAT Retreat 2022

The Irish Clinical Academic Training Programme holds an annual Retreat every year, this is a sociable event of two days of talks and workshops and a great opportunity to meet the ICAT community.

This year's event will take place on the 1st and 2nd December in Malahide Co. Dublin. We would be delighted if you could join us. You can find programme details and a registration form at the link below.

Register for the ICAT Retreat

Dr Claire Potter is a Fulbright Student Awardee 2022

Dr Claire Potter is a Specialty Trainee in General Adult and Old Age Psychiatry and ICAT Fellow in Queen's University Belfast. Claire's research involves studying life course impact of stress and negative psychological experiences on biological and cognitive ageing across ageing cohorts.

As a Fulbright Student Awardee to the Institute of Social Research, University of Michigan, Dr Potter will explore this further in the longitudinal Health and Retirement Study (HRS) gaining additional technical and analytical skills to develop longstanding collaborations with global ageing researchers.
