

Dear ICAT Supervisors,

We hope this message finds you well. Thank you so much to everyone who attended and participated in our ICAT Celebration Event in the Mansion House at the end of October. It was a wonderful occasion and a true celebration of the achievements of the ICAT fellows. We were delighted to welcome Dr Gráinne Gorman, CEO of the Health Research Board (HRB), who opened the event and outlined the commitment of the HRB to supporting clinical academic careers.

ICAT fellows presented superb snapshots of their research and innovations, discussed the impact of international collaboration and the importance of a global and One Health approach. Our incredible alumni, in conversation with Professor Camille Harron, Postgraduate Medical Dean at the Northern Ireland Medical & Dental Training Agency, discussed how they balance their clinical, academic and personal commitments, and their career aspirations. You can read more about the event and our fantastic speakers at the link below.

Celebrating Impact and Excellence in Clinical Academic Training

Our next event is the annual ICAT Retreat, which will be held in Malahide on the 27th and 28th of November. It's a great opportunity to hear about the research being conducted within ICAT, to meet our fellows and alumni, and members of the network. All are welcome and we warmly invite you to register.

As always, we are immensely grateful for your mentorship, enthusiasm, and commitment. The success and growth of the ICAT Programme and the achievements of our fellows would not be possible without your guidance and support.

Best wishes,
The ICAT Team

We are delighted to open registrations for the ICAT Retreat 2025! We warmly invite you to join us in Malahide for our annual event. You can register and view a draft programme at the link below.
